

The Times of India

Coverage: 1838-2001

To expand your knowledge of world events, start here.

The world's most widely circulated English daily newspaper was founded in 1838 to serve British residents of West India. Today this historical newspaper serves researchers interested in studying colonialism and post-colonialism, British and world history, class and gender issues, international relations, comparative religion, international economics, terrorism, and more.

In its pages, *The Times of India* illuminates key historical events such as the Sepoy Mutiny, which led to British rule in India; the formation of the Indian National Congress; and the rise of Gandhi's civil disobedience movement. It captures the 1947 partitioning of India and Pakistan, the war over the Kashmir region, and the creation of Bangladesh. It reports on the assassinations of Indira and Rajiv Gandhi; the Bhopal industrial disaster, which resulted in thousands of deaths; and the rise of Pakistan as a nuclear power. And, it provides coverage of sports, the Indian film industry, and other stories of everyday life.

This addition to ProQuest Historical Newspapers™ dramatically expands the international content in this acclaimed archive and delivers a new historical perspective for your researchers.

Illuminate history. Preserve the past.

ProQuest is proud to help you illuminate history for your users while preserving these historic newspapers for future generations. *The Times of India*, like all digitized titles within the ProQuest Historical Newspapers program, lets researchers:

- Browse complete issues, cover to cover.
- Study the progression of issues over time with ProQuest's complete runs of historical newspapers.
- Cross-search topics and compare coverage and perspectives across all ProQuest Historical Newspapers,

such as *The New York Times* with *Index* and *The Guardian*, for broader, often contrasting views of issues and events.

- Search for information by keyword, article types, dates and date ranges, author, and more.
- View not only news articles, but also photos, advertisements, marriage announcements, obituaries, cartoons, and more, for added context.
- Print, download, and share articles and images in PDF format.

ProQuest[®]
Start here.

Focus on research instead of the mechanics of finding data.

ProQuest makes it easy for both novice researchers and information professionals to find relevant information quickly, with basic and advanced search options. Searches can be confined to article types and dates to focus on the most relevant information. Each newspaper page is zoned into article images, and each newspaper image is supported with searchable ASCII text. Combined, these features mean faster, more effective searches for users. ProQuest digitizes documents at a high resolution to deliver clean, readable images, and highlighted search terms focus readers on the most relevant content.

Researchers can sort their results by oldest, most recent, or most relevant. In addition, articles that originally spanned multiple pages of a newspaper are “threaded” together, appearing as one continuous image and improving readability. Users can view and easily download articles, front pages, photos, display ads, and more in PDF format. The “My Research” summary feature can be used to track recent searches, save articles, email documents, create a bibliography, export citations, and create Web pages.

Your single source for centuries of continuous historical news coverage.
